

QUALITY POLICY

ISG aim to continuously identify the needs and expectations of current and future clients.

We strive to achieve and provide the highest level of service and product efficacy within our industry.

We are fully committed to a continuous improvement process that complies with all national and international statutory requirements.

Our goal to monitor continuous satisfaction internally and externally drives our expectations to meet and exceed best practice and fluctuating market requirements.

We will train and develop all employees to support and promote a value added process of improvement and ensure client satisfaction.

Attentiveness to impacts socially and economically within our niche market will see our business acquire industry standards such as ISO9001, ISO14001 and OHSAS18001.

All work and associations of *Integrated Safety Group* will commit to sound best practice standards of OH&S, Environmental and Waste Management.

We will teach and encourage OHS&E programs of improvement.

Family comes first. This mantra will continue to promote a healthy work environment for everyone and serve to deliver only the best and highest value of products and services to our clientele.

Richard W Speers

Managing Director
